Welcome to the 91st Annual Meeting of the American Prosthodontic Society, where we will discuss the future of prosthodontics and the possibilities that arise from interdisciplinary collaboration.

Over 1.5 days, you will enjoy relevant education in advanced prosthodontics, interdisciplinary instruction led by world-renowned experts and networking and social events designed to inspire good conversation and build worthwhile relationships.

The APS is the only organization that combines the discipline, specialty and technology of prosthodontics. Our membership includes specialists, general dentists, certified and master dental technologists and students. The APS has earned the reputation of being the singular organization with unrestricted membership where all that is required is an interest in prosthodontics. There is no better organization than the APS to bring together the talent, the insight and the experience of practicing dentists, researchers, dental school faculty and administrators and technologists in one meeting devoted to the advancement of prosthodontics.

Survey and Continuing Education Information

An overall evaluation of the meeting will be sent post-event. To receive a continuing education letter, attendees must submit a CE claim form. Forms will be sent via email following the event.
Join APS Today!

NOT ALREADY A MEMBER? COME GROW WITH US

We invite you to apply for membership, whether you’re a generalist, specialist, technologist or student, you will find a professional home in APS. Membership applications are available at the Registration Desk, or you can sign up online at prostho.org.
APS Mission Statement

To promote the advancement of the discipline of prosthodontics by integrating the generalist, specialist and dental laboratory technologist in a manner that will continuously seek improvement of patient treatment. We will accomplish this through education and research.

Graduate Prosthodontic Program

The APS is focused on the future of prosthodontics. With that focus in mind, the APS has attracted an exciting field of graduate student candidates for the 2019 Research Competition. Recruited by Dr. John Ball, they will be presenting original work over a wide range of topics. The mission of this program is to provide an annual forum for graduate students to foster high-quality research, enhance oral presentation skills and prepare for the opportunity to publish in the Journal of Prosthetic Dentistry. Furthermore, the APS welcomes the opportunity to develop stronger ties to prosthodontic graduate students and cultivate their future leadership in the Society.

2019 RESEARCH CANDIDATES

Dr. Pooya Soltanzadeh
MANDIBULAR IMPLANT-SUPPORTED FIXED PROSTHESIS: A 30-YEAR SUCCESS STORY

Dr. Anvita Maharishi
COMPUTED TOMOGRAPHY ANALYSIS OF RECONSTRUCTED MANDIBLES WITH FIBULA FREE FLAPS

Dr. Shivani Karre

CORPORATE FORUM PRESENTATIONS
THURSDAY, FEBRUARY 21 | During lunch

12:30 – 12:55 p.m. Corporate Presentation by Zirkonzahn

1:00 – 1:25 p.m. Corporate Presentation by GC America

1:30 – 1:55 p.m. Corporate Presentation by Panthera
The Poster Program will be held in conjunction with the meeting on Thursday, February 21. Foyer between St. Gallen and Montreux Ballrooms

Posters will be digitally displayed in the foyer and within a searchable, online gallery following the conference. Refer to the Digital Poster Presentation handout for a listing of poster topics and presenters.

The 2019 Digital Poster Presentation Program at its 91st Annual Meeting, February 21-22, 2019, at the Swissôtel Chicago, is designed to showcase new research and innovative ideas from up-and-coming prosthodontists and be the best place to exhibit your findings and engage in conversation with fellow dental professionals.
