

The American Prosthodontic Society
Promoting the Advancement of Prosthetic Dentistry Through Clinical Research and Education

The American Prosthodontic Society 2021 Webinar Series - April

Speaker – Dr. Lee Ann Brady, DMD

Title

Mastering Anterior Implant Esthetics

Abstract

Although implant dentistry is considered one of the most predictable treatments we offer, guaranteeing optimal anterior implant esthetics is tricky and often feels challenging to create predictably. This program will look at the steps in differentiating high risk versus low risk anterior implant cases when it comes to final esthetics. We will also look at how to optimize the esthetics outcomes starting with pre-surgical augmentation, fixture position and advanced implant prosthetic techniques to make success predictable.

Learning Objectives

1. Anterior Implant Treatment Planning, Surgical and Prosthetic
2. Creating the optimal Anterior Implant site
3. Surgical Management for optimal esthetics
4. Advanced Implant Prosthetic Techniques
5. Fabricating Custom Implant Provisionals
